Essentials of Handgun Disarming Retention & Recovery

As profiled in Guns & Weapons for Law Enforcement magazine. Northeastern Tactical Schools’ Firearm Retention, Disarming and Recovery program present methods to: Disarm any style long gun or handgun, Retain a handgun in the hand or the holster, and Recover a sidearm from the holster. All three skills will be taught with a single method and using only one hand. Class includes:

- Seven elements of weapon-retention
- Review of concealable retention holsters
- Review of proprietary sidearm features
- Common dangers in disarming systems
- Physical conditioning and retention
- Mental conditioning and retention
- Retention and deadly force limits
- Mechanics of the one-hand disarm
- Disarming from the front, side and rear
- Disarming standing, kneeling or supine
- Disarming from in and around vehicles
- Holster retention against 360° attacks
- Reflexive recovery from holster failure
- Beating the skilled disarmer
- Disarming during retention drills
- Retention during disarming drills
- Disarming multiple weapons drills

This class is perfect for both the lawfully armed individual who is currently carrying a concealed handgun and the responsible citizen who is concerned about enunciating a long gun or handgun armed attacker.
